

Remote Desktop Connection for Home Windows Computer to Office Windows Computer

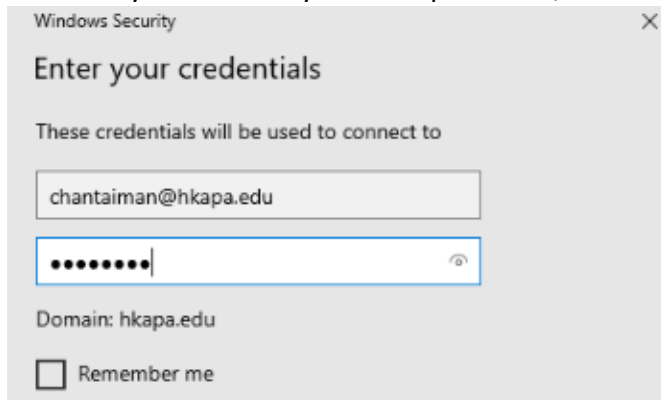

1. Open Remote Desktop Connection from Start Menu > Windows Accessories

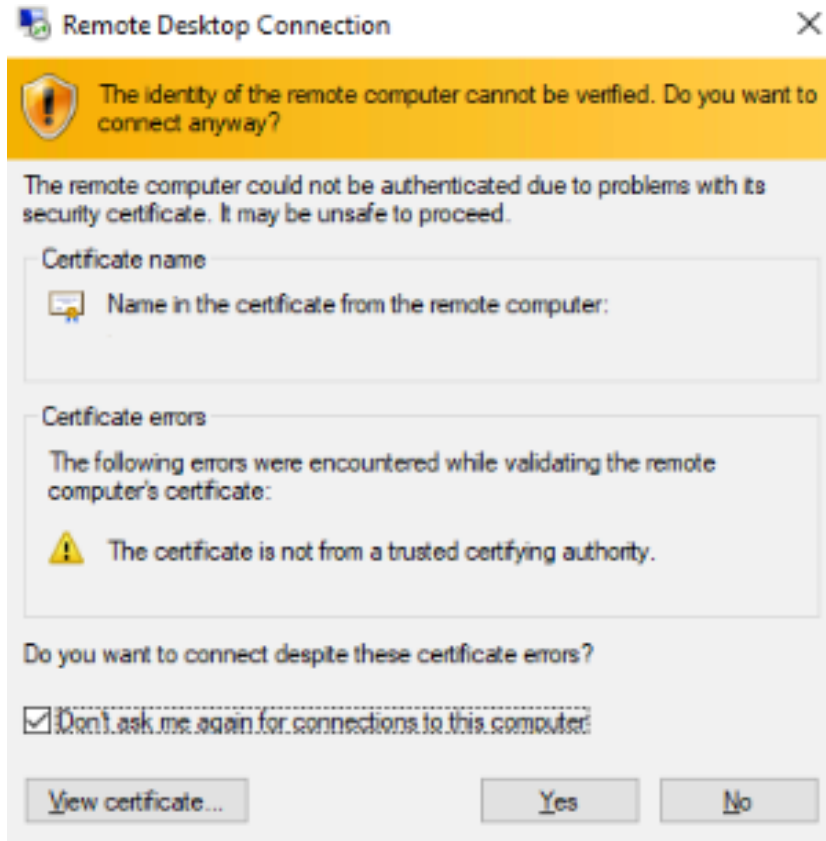

2. Enter your computer name with adding hkapa.education at the back, then click Connect.  
e.g. ce123456.hkapa.education

3. Enter your Academy email & password, then click OK.

4. Select "Don't ask me again for connections to this computer" if you want, then click Yes.

5. Click close button when finished remote.

6. Or right click Windows button to Disconnect / Sign out if want to close remote session.
